POLYFAB SHADE SAIL

# EDGE WEBBING™

PREMIUM HIGH STRENGTH POLYESTER WEBBING

Available in 25 colors to match Polyfab's extensive shade sail product range

Used for Shade Structures and Shade Sails, **Polyfab Shade Sail Edge Webbing™** is the choice for fabricators looking for an 'edge' over their competition!

Made in Australia, this polyester webbing is available in 2 inch/50mm wide in 25 colors to match Polytex+, Comtex+, Architec 400 and XTRA knitted shade cloth, and 1 inch/25mm wide in Black and White; put up on 109 yard rolls with a breaking strength of 2200 lbf (1 inch) or 4400 lbf (2 inch).

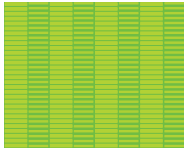

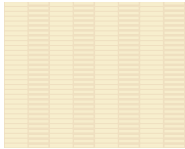

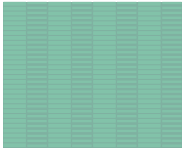

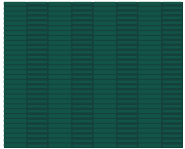

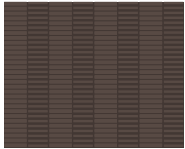

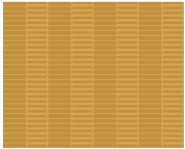

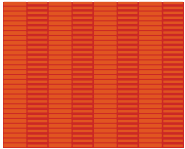

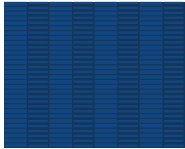

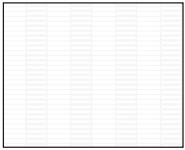

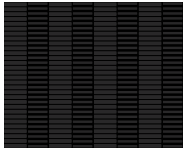

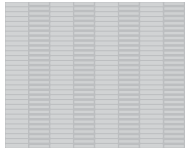

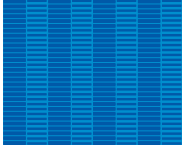

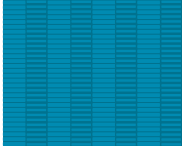

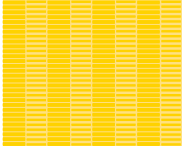

The black webbings are woven from solution dyed black yarn and will therefore provide the best fade and UV resistance.

Technical Specifications	1 inch	2 inch
Breaking Force	2200 lbs	4400lbs

**Polyfab Shade Sail Edge Webbing™** is available in 25 designer colors.
